PAYMENT AND INSURANCE POLICY

Private Insurance

Our staff are happy to complete your insurance forms and mail them to your insurance provider. **Fees are payable by you to the dentist the day of treatment.** Your insurance provider will reimburse you directly.

Government Insurance:

If you have coverage with one of the Government provided insurance plans such as Alberta Child Health Benefits or Alberta Works, you must inform the office prior to any treatment so coverage can be verified. This benefit plan will cover the cost of treatment, however, please be aware that in the event your coverage is not in effect, you will be responsible to pay for any treatment provided.

Please feel free to ask if you have any questions.

Patient Acknowledgment:

I have read and understand the above, and agree to assume full liability for fees.
